ARYSTAN OIL COMPANY

# ABOUT OUR COMPANY

## ABOUT THE COMPANY

At AYRSTAN OIL COMPANY LLP, we serve as a trusted and verified mandate intermediary, connecting global buyers with genuine petroleum product sellers. With deep industry experience and a transparent, client-focused approach, we represent verified end buyers and facilitate safe, efficient, and fully compliant oil transactions across international markets. Our role ensures that every step of the deal— from initial inquiry to contract execution and delivery— is handled with professionalism, confidentiality, and strict adherence to global trade regulations and industry best practices.

WE BELIEVE IN GOOD  
BUSINESS ETHICS, TEAM  
COHESION AND VALUE

ARYSTAN OIL COMPANY

---

# VISION

---

Our vision is to become a globally recognized and trusted mandate company that sets the benchmark for ethical oil trading, operational excellence, and unmatched client satisfaction across international energy markets.

---

# MISSION

---

Arystan Oil Company llp is committed to facilitating transparent, efficient, and reliable oil and petroleum product transactions by connecting trusted buyers and sellers, ensuring compliance with global standards, and delivering value through integrity, accuracy, and professionalism.

---

# CORE VALUES

---

We uphold integrity, professionalism, and reliability in every transaction, ensuring compliance with regulations, efficiency in operations, strong client commitment, and strict confidentiality.

ARYSTAN OIL COMPANY

# OUR SERVICES

## MANDATE REPRESENTATION

We act as authorized intermediaries representing either genuine buyers or verified sellers in petroleum transactions. We also oversee due diligence processes, verify the authenticity of both parties, and provide strategic guidance throughout the transaction to avoid delays, reduce risks, and ensure successful deal closure.

With a strong global network and deep industry knowledge, we help clients navigate complex international markets with confidence and clarity.

# OUR SERVICES

## CRUDE OIL & PETROLEUM PRODUCT SOURCING

We connect buyers with thoroughly vetted, reliable suppliers of high-quality petroleum products—including Crude Oil (Bonny Light, Brent), Diesel (D2, EN590), Jet Fuel (JP54, Jet A1), LNG, LPG, Mazut, Fuel Oil, Bitumen, and other refined energy commodities.

Our sourcing process emphasizes transparency, compliance, and consistency, ensuring that every product meets international standards. We support buyers from inquiry to delivery, minimizing risk and maximizing value in every transaction.

# OUR SERVICES

## LOGISTICS & EXPORT COORDINATION

Our support doesn't end at the contract—we actively assist in coordinating shipment and delivery logistics, managing all export documentation and customs compliance, and ensuring timely delivery to buyer-designated ports.

By overseeing these critical post-contract processes, we help clients avoid delays, reduce operational risk, and maintain smooth, efficient transactions from contract execution to final product delivery.
